DESCRIPTION

- High Speed HDMI 2.0 Active Optical Cable (AOC) uses optical fiber technology 4-channel multimode OM3 with additionally 7 copper conductors to carry the digital HDMI signal.
- HDMI 2.0 4K high speed signal transmission up to 60 fps.
- Allows lengths of up to 100 meters.
- 2m of cable (included in the length) on the front.
- Reduces the risk of EMI / RFI interference.
- Internal copper conductors for power, so no external power supply is needed.
- High quality extra thin durable cable with stylish metal connectors.
- Easy to wind thanks to being mounted on a reel.
- Cable reel with soft and ergonomic handle for a comfortable transport. Front part with cable guide and crank for easy winding. Rear block piece.
- Unidirectional connection with "Source" connector for the transmitter and "Display" for the receiver.
- 2m of cable (included in the length) with the "Source" connector on the front. Please indicate if you require a configuration other than the standard one.
- Lengths of 30 meters and longer include the signal equalizer "chipset" inside the connectors for compatibility with as many devices as possible.
